Merry Christmas

The Knight Riders, Knights of the Ku Klux Klan would like to take this opportunity to bid all of you a Merry Christmas, and a Happy New Year. We encourage you to celebrate Christmas, and to tell everyone you know that you are a Christian. You as a citizen of the United States, have the right to be a Christian, and you should fight any attempts by the Government to extinguish Christianity. Some major department stores, in recent years, have stopped displaying decorations with reference to Christmas, and have replaced them with "Happy Holidays". Christianity has become more unpopular in recent times, largely due to mass immigration into this country. Our country is now referred to as a "Great Melting Pot for all Nationalities", and this melting pot has been melting away our Christian heritage. We now have a non-white president who, by his own admission, hates Christians. Even our local governments have refused to display it's Nativity Scenes, and they claim it's because they fear being sued. This is a "cop out" because there was a landmark case on this very subject.

In 1984 the U.S. Supreme Court Ruled in the landmark case of Lynch vs. Donnelly, that a Nativity scene owned by the city of Pawtucket, Rhode Island did not violate the First Amendment. So why are local, state, and the federal governments refusing to display their Nativity scenes? Recently, the City of Bainbridge, Georgia refused to allow local citizens to display Nativity scenes on city property, and refused to display their own Nativity scenes, in part due to Jewish and Muslim influence on the city council. I'm sure that city officials would deny this just as they deny Christmas, and Christianity. The Knight Riders, a Christian Fraternal Order, believe that it is wrong to deny the majority of it's citizens their Christian Heritage, just because a few citizens don't want to see it.

The Knight Riders recommend that you approach your Councilmen, Senators, and Representatives. Tell them that you want to see your Christian Heritage displayed during the Christmas Holidays, and tell them to get the Nativity scenes out of the barn, dust them off, and bring them back to life.

Fact:

As many as 80% of the population of the United States are identified as of the Christian Faith, and this country was founded on the ideals of Christians, and Christianity.

Fact:

Federal, State, and Local Governments work for you! If you don't like what they are doing, fire them at the very next election.

Fact:

Christians can influence governments, because we are still the majority, but you have to push your politicians in the right direction, let them know what you want!

And again, have a Very Merry Christmas!

Mississippi Rally a Success!

The Knight Riders, Realm of Georgia, would like to send special thanks to the members of the Mississippi White Knights for a successful rally in Smith County, Raleigh, Mississippi on October 17th, 2009. Although the Sheriff's Department was clearly not ready for the

rally, and security had to be handled, in part, by the Knight Hawks, there were no real problems. The Sheriff's Department failed to establish a protest line which caused a problem with protesters attempted to enter the rally area. The Knight Hawks were called forward to establish the line, which turned the protesters around. The Mississippi State Patrol arrived at the end of the rally, a bit late to do any good.

After the rally, the Mississippi White Knights hosted a conference, complete with a buffet style dinner. The ladies fraternal order of the International Knights, held a raffle, and proceeds went to a needy family in the Alabama area. Thanks Brothers, and sisters, for a great time.

Very few admit voting for Obama!

How is it that we now have the first non-white, non-American president in the history of the United States? How is this when very few people voted for him? If you ask your co-workers, friends, and relatives you will find that most of them will say that they didn't vote for Obama. It maybe that most of the people who voted for Obama, are just too embarrassed to admit the terrible mistake they made. Most of us are just praying that Obama will get out of office before he completely destroys our Nation. Southern Ministers, black and white, of all Christian denominations understand that Obama is destroying the very fiber of this Nation, undermining the Christian foundation this Nation was built on. There has always been a plot, by Islam, to destroy Christianity, Christians, and Christian Nations. The United States, founded by Christians, has been hated since it's birth, and has been the target of terrorism by Muslims in recent years. These Christian haters have been infiltrating our Nation for many years, and we have even trained them to fly the commercial jets used against us in the terrorist attacks of 9-11-2001. They didn't get the effect that they had hoped for, so they have now put one of there own in the White House. There is overwhelming evidence that Obama is a Homosexual, and has a

addiction. Larry Sinclair said that he had oral sex with Barack Obama in a limo while Barack Obama smoked crack cocaine. A black Preacher, Dr. James David Manning, has been researching Barack Obama since he announced plans to run for the office of President. Dr. Manning is totally against Barack Obama, and he is the Pastor of a New York City Church called ATLAH. I recommend that you listen to his messages about Barack Obama. Go to you tube (www.youtube.com) and type- James David Manning Obama. Finally hear the truth about Obama from a person of color. It is time to "Wake Up America!" The very breath is being squeezed from your bodies, and it is high time that you realized what is going on. Obama has spent 1.7 trillion dollars in the past six(6) months. That is more money than was spent by all of the previous presidents combined. Does this alarm you at all? Your great grandchildren will be paying Obama's bills, and that's if he only serves one(1) term.

The sad fact is, that millions of these dollars went to ACORN, NAACP, SPLC, ACLU, and other organization for the oppression of white Christian Americans.

Wake Up White People!

It is hard for me to believe that Obama was elected to the Presidency, at least legally elected. It is obvious to me that Americans have no way of knowing if the election was fair and legal. It is probably more accurate to say that all American elections are fixed by our corrupt government. Our Country is being demoralized by your Muslim, Half Breed, Illegal Alien President!

Obama is an Illegal Alien himself, and everyone in America knows it! All of Washington knows it too. Obama will soon flood this country with more Illegal Aliens, and White America will suffer at his hand. There will be an uprising soon, when White People have taken enough ****, and we will reclaim our country. VERY QUIETLY OBAMA'S CITIZENSHIP CASE REACHES SUPREME COURT (Super Important)

AP- WASHINGTON D.C. - In a move certain to fuel the debate over Obama's qualifications for the presidency, the group "Americans for Freedom of Information" has Released copies of President Obama's college transcripts from Occidental College . Released today, the transcript indicates that Obama, under the name Barry Soetoro, received financial aid as a foreign student from Indonesia as an undergraduate at the school. The transcript was released by Occidental College in compliance with a court order in a suit brought by the group in the Superior Court of California . The transcript shows that Obama (Soetoro) applied for financial aid and was awarded a fellowship for foreign students from the Fulbright Foundation Scholarship program. To qualify, for the scholarship, a student must claim foreign citizenship. This document would seem to provide the smoking gun that many of Obama's detractors have been seeking. Along with the evidence that he was first born in Kenya and there is no record of him ever applying for US citizenship, this is looking pretty grim. The news has created a firestorm at the White House as the release casts increasing doubt about Obama's legitimacy and qualification to serve as president. When reached for comment in London, where he has been in meetings with British Prime Minister Gordon Brown, Obama smiled but refused comment on the issue. Britain 's Daily Mail has also carried the story in a front-page article titled, "Obama Eligibility Questioned," leading some to speculate that the story may overshadow economic issues on Obama's first official visit to the U.K. In a related matter, under growing pressure from several groups, Justice Antonin Scalia announced that the Supreme Court agreed on Tuesday to hear arguments concerning Obama's legal eligibility to serve.

Jeff Rense is covering the stories that the MSM is ignoring. Last night Jeff Rense interviewed Reverend James Manning. Reverend Manning states with authority that he has proof that Obama and Jeremiah Wright are closet homosexuals and that Obama is a drug user. Reverend Manning found out about the homosexual aspects of Obama and Wright before he learned of Larry Sinclair's allegations of drug use and gay sex with Obama in November 1999. Reverend Manning further states that the reason Obama stayed at TUCG for 20 years was because he was engaging in gay sex with Wright.

AP- Texas Republican Sen. John Cornyn is taking issue with a Tuesday posting on the official White House blog in which the Obama administration asks supporters to report back when they receive "an email or see something on the web about health insurance reform that seems fishy" to an official e-mail address: flag@whitehouse.gov. Sen. John Cornyn, R-Texas. sent a letter to President Barack Obama on Wednesday questioning his administration's request for supporters to report "fishy" behavior on health care to an official White House e-mail address.

"I am not aware of any precedent for a president asking American citizens to report their fellow citizens to the White House for pure political speech that is deemed 'fishy' or otherwise inimical to the White House's political interests," Cornyn writes today in a harshly worded letter to President Barack Obama in which he asks the president to immediately halt the effort. It's not the first time the Obama operation has asked supporters to report back on misinformation spread about the president on the Web—but those efforts were largely conducted through his campaign operation and more recently through the party's political arm at the Democratic National Committee. Cornyn, a former member of the Texas state Supreme Court, further suggests that the data that is collected by the White House could "raise the specter of a data collection program." "As Congress debates health care reform and other critical policy matters, citizen engagement must not be chilled by fear of government monitoring the exercise of free speech rights." If the effort continues, the Texas Republican is asking the administration to detail to Congress and the public the protocols employed by the White House on what they are doing with the data. He further inquires if the administration intends to notify the citizens reported for "fishy" speech. "Do your own past statements qualify as 'disinformation'?" Cornyn concludes, "For example, is it 'disinformation' to note that in 2003 you said: 'I happen to be a proponent of a single-payer universal health care plan'?" The White House blog post was done to respond to a viral video posted on The Drudge Report that used clips of Obama other Democrats to suggest his health care plan will eliminate private insurance and lead to a single-payer system.
