Greetings: I would like to take this time to wish you a Merry Christmas, and a productive New Year on behalf of myself and all of the members of the Knightriders, Knights of the Ku Klux Klan. There are many issues that face White Christian America in the coming year, and in order to be successful, we will need your absolute dedication to preserving our Rights and Christian Heritage. Miscegenation (Latin *miscere* "to mix" + *genus* "kind") is the mixing of different [racial groups](#) through marriage, [cohabitation](#), [sexual relations](#), and [procreation](#).

There is nothing on the face of this planet that is more damaging to mankind than the mixing of race, and in my opinion there is nothing more embarrassing. White women of low self-esteem, overweight, addicted to drugs, children of ill reputed women, fatherless and of broken homes, are some of the known reasons that white women mix with the negro race. At the very least there is something wrong in the minds of these women. There is absolutely no good reason to mix races.

Mongrel Race

1. Concept of the ultimate product of miscegenation or **race-mixing**, the point when multi-ethnic [oreo](#) becomes mono-ethnic [mongrel race](#), may more broadly be applied to the idea of a dystopian future where the "melting pot" has totally "melted" and every human being is ethnically identical, and individual cultures have disappeared in favor of a super politically-correct/tolerance-obsessed global one.

Is this what you want for the future?

We have to stop race mixing at all cost!

There is a scientific reason why the Negro smells differently, believe it or not!

As first noted by John Baker in his book Race, Negroes perspire more and urinate less. This helped them to remain cool in the hot African environment. In addition, samples taken from Negro skin revealed it to contain [urea](#). Urea is highly soluble in water and is, therefore, an efficient way for the human body to expel excess nitrogen. It is dissolved in blood (reference range of 2.5 - 7.5 mmol/liter) and excreted by the kidney as a component of urine. In addition, a small amount of urea is excreted (along with sodium chloride and water) in sweat. Colleges and Universities want you to believe the only difference between Negroes and Caucasians is color of skin. This is because the goal of such institutions is to create a mono-ethnic world. But there are marked differences.

What are Tomatoes worth to Americans? Can't we grow our own?

I like tomatoes just as much as the next guy, but what are they costing us? Thousands of Mexicans are crossing the border into the United States everyday. So many that our rural hospitals are having to close or declare bankruptcy, our citizens are losing the opportunity to work causing thousands to go on public assistance. I have heard many people say that Americans are exploiting the Mexican people in order to get them to do the labor Americans won't do, this is a truly outrageous. The Mexicans are exploiting America, because they send the money they earn back to Mexico, and they live on our public assistance programs. Mexicans are simply sent to the United States by the Mexican Government to drain our economy. So if anyone is exploiting the Mexicans, it's the Mexican Government. Really, how often do you hear about the Mexican Government catching, or even attempting to stop the border crossings. Maybe we can find an alternative crop for the farmer which requires less labor, send the Mexicans home, and reduce public assistance by putting our public assistance recipients in the field. There is actually a good living to be made harvesting crops, and my family made it's way share-cropping for many, many years. We don't need the Mexicans to harvest our crops, nor do we need the Haitians. Send them back where they belong!

Obama thought he was really moving on up!

Ok, lets be realistic! What will Obama be after his term in the White House is over? One must ask himself what Obama was before he became President. Answer: A Mongrel with no Country!

Obama is not good enough to call a Negro, and most Negros won't even admit that they voted for him. Some say that Obama was elected by young white men and women of low moral character. I don't know who elected Obama, or if he was really elected by the people. There is so much corruption and deception in the government, that we will never really know the truth. I would like to think that Obama was put into office by our corrupt government, because I don't like to think of our youth as totally brainless. Our youth is so misguided, and lazy, that they have become an enemy to the white race. We need to teach our youth to have principals, and integrity. They need to "Get Off Their Lazy Asses" and stand up for their Race.

Death Penalty for Race Mixers!
