## Sonny's Barbecue

Published by the Knight Riders, Knights of the Ku Klux Klan

The owner of a Tifton restaurant says he has parted ways with the Sonny's Barbecue chain.

Bill Davis says he received a certified letter terminating his deal with the Sonny's Barbecue chain. Davis claims he lost his franchise because his servers wore t-shirts on Sunday that said "I pledge, I pray" and that he had a Jesus sign hung behind the register.

Christian Americans cannot afford to patronize restaurants or any other businesses who are anti-Christian . It is however hard for me to believe that Floyd "Sonny" Tillman and his wife Lucille were able to get the business off the ground in 1968, having anti-Christian beliefs. Nonetheless, in this day in time we have an anti-Christian President, many anti-Christian corporations, and this is the recipe for disaster for Christian Americans. We are asking that all Christian Americans boycott Sonny's Barbecue and any other anti-Christian corporation. We love Jesus, and we will only patronize others who love Jesus
